Medical Education Bulletin

September 2010 (No.2)

MESSAGE FROM THE DIRECTOR of MEDICAL EDUCATION - Mrs Scarlett McNally

Hello! This bulletin is mainly listing things of interest to trainers (Consultants / educators / senior Specialty doctors, etc.). Please forward or copy it widely. Some trainees will like it. There are threats to funding and to education. We need to be as good as we can be.

What's new:

1. **New doctors** – mainly Registrars starting in October – welcome!
2. **Clinical supervisors recognition** – We had QESP for Educational Supervisors. Now Clinical Supervisors should have training and recognition. Tutors will be developing a process. Please try to attend LFG (Local Faculty Group) meetings.
3. **Many conferences are listed in "events"** – many are taking abstracts NOW for presentation. Why not put your audit project into it to give your CV a boost?
4. **KSS Deanery Inspection Visit:** Friday 17th December 2010: Emergency Medicine, ACCS, Surgery (all, both sites). Also GP (Eastbourne). If you have anything that the visitors should be aware of (agendas of educational meetings, list of training, induction packs, etc.) please give it to Post grad Education centres NOW, ideally with one paper and one electronic copy: to polly.moore-weeks@esht.nhs.uk (13)3461 or (14)8031, or to your own college Tutor or Medical Education Manager or me. Keep trainees free to attend (including travel to Conquest – except GP trainees Eastbourne)

Important dates we need you for!

SIMULATION: Please help Nicky and Chris. If you can help/observe some sessions, we can build up a faculty for future simulation courses. The dates for the first set of FY1 Simulation sessions at Eastbourne are:

Wed 10th Nov am Thurs 16th Dec pm Fri 7th Jan 2011 am AND Wed 19th Jan 2011 pm

Nicola.deacy@esht.nhs.uk if you can help / observe

Chris.scanlan@esht.nhs.uk about simulation at Conquest. You may want to use simulation in your department.

Foundation applications scoring day: Tues 16th November. We need to offer scorers for regional recruitment (otherwise our posts are under threat). At Eastbourne DGH, for whole region. Please offer am or pm or both. Liz.oliver-taylor@esht.nhs.uk extn (13) 5875

KSS Deanery Inspection Visit: Friday 17th December 2010 at Conquest site: Emergency Medicine, ACCS. Surgery (all, both sites). Also GP (Eastbourne). Keep your trainee available to see visitors at Conquest.

Assessment training for assessors – Anyone who does assessments need to have had training. For Foundation assessments, the new training is easy, quick and FUN! E-training (etft) on-line is now live and available for you and your colleagues to access at www.etfl.co.uk. Do it at your leisure – we get told when you've done it.

Leads: College Tutors, Local Faculty Group Leads, University sub-Deans & GP Training Program Directors

http://eshospitals/directorates/human_resources/learning/e-learning/default.htm you need to register in advance.
Juliet.page@esht.nhs.uk extn (14) 8402 or Learning & Development for more info.

INFORMATION

Junior Doctors' Audit – Junior doctors will be asked to identify the NHS organisations from where data has been collected, in order to gauge dispersion of information and also to allow for completion of the audit cycle, by encouraging re-auditing at a later date. www.nrls.npsa.nhs.uk/resources/search-by-audience/junior-doctor-audit/

Women surgeons – http://www.independent.co.uk/opinion/letters-university-places-2059286.html

Research & Design Service South East – send out a monthly email bulletin. www.rds-se.nihr.ac.uk/news/

Acute Care Common Stem curriculum This is in sections, so surprisingly readable.
www.pmetb.org.uk/fileadmin/QA/Curriula/Approved_Curricula/ACCS/ACCS_Training_manual_22 Dec_06_v.Ecur_001

CEA Awards for Consultants: Start collecting 'evidence' now in these 5 domains:
1. Delivering, 2. Developing, 3. Managing a high quality service, 4. Research & Innovation, 5.Teaching and Education
You have to score well in 3 domains to get one. I suggest a (large) box file. Especially keep anything comparing you to others and feedback scores (from patients / students).

Local awards: 1-9 Deadline likely to be **November 2010.** Wait for "2011" forms to come out. http://www.dh.gov.uk/ab/accea/index.htm

National awards: start getting your local society / college to support you NOW. Google "ACCEA and your college name" – they have their process on. You don't have to have level 8 local already to go for national Bronze.
